

Easter Carmuir's Primary School

PARENT COUNCIL

Parent Helpers in School

There are various opportunities to help within the school. Some of these opportunities are for regular activities and some are one off or short term. Some of them will be directly assisting school staff but all are helping your children's education experience. There are a couple of examples on this page but as with everything, if you fancy helping out then get in touch.

School Events

There are many events, activities and assemblies in school that we support. At the very least, we provide drinks before and after and needs helpers for that. Occasionally we get more involved but just as the school requires.

Office Work

Printing, Copying, Laminating, Filing, Sorting - there's always something to do to help out the school office staff or class teachers. It's a great way to keep yourself busy while the children are at school and get involved in the behind the scenes life of school that keeps the cogs turning smoothly.

Sorting Displays

To ensure the teaching and support staff are focussed on our Children's education, the school love getting some help from creative parents to make wall displays of the class work. It's a great way to find out what the children are learning and keep those creative skills honed.

Class/Group Volunteering

Have you got a skill or talent that could be shared with the children? Why not offer to share this with a group either on your own or with others. Music, Sport, Cooking? There will be plenty of ways you can help out and widen the learning experience within the school.

School Trips

Class and School trips need extra adults to keep them within safety guidelines. So enjoy a fun day out with the school and help ensure our children have a great experience.

School Garden

There are plans for a garden area coming soon, but in the meantime, there are plenty of areas in the school grounds that need regular attention. The school would also like helpers to do some weeding, planting of seeds, hanging baskets, or anything else deemed appropriate.

If you'd like to get involved, simply drop us an email at info.ecpsparentcouncil@gmail.com and we'll add you to the list of helpers that the school can link up with.
